

Strategic Plan

2023–2027

The Board of Professional Engineers of Queensland (Board) was established in 1930 to administer the *Professional Engineers Act 2002 (Qld)* and the Registered Professional Engineer of Queensland (RPEQ) system. The Board is an independent statutory body responsible for regulating the vast and multi-faceted engineering profession across the state, through a fair and consistent set of standards, designed to uphold the highest engineering conduct.

The Board supports the Government's objectives for the community:

Good jobs: Good, secure jobs in our traditional and emerging industries

Better services: Deliver even better services right across Queensland

Great lifestyle: Protect and enhance our Queensland lifestyle as we grow

Our Vision

Driving a higher standard of professionalism of engineers for a safer tomorrow

Our Purpose

To protect the public and maintain confidence in the profession by upholding the highest standard of engineering

Our Principles

-  **Professionalism:** we drive a high standard of professionalism and pursue opportunities to continuously improve
-  **Accountability:** we make informed and objective decisions in a transparent manner and we are accountable for our actions
-  **Respect:** we are honest and ethical and treat everyone reasonably, equally, and with respect
-  **Collaboration:** we work as a unified team to create effective outcomes and build relationships with our stakeholders

We work consistently with the Queensland public service values

Our Objectives

Drive a high standard of professionalism in engineering

Leadership through collaborative engagement

Strong corporate governance

Acknowledgement of Country

We pay our respects to the First Peoples - the Traditional Owners of the lands, their spirits and their legacy.

We recognise their continuing connection to land, water and community.

We pay respect to the Elders and acknowledge the hope, strength, inspiration and courage of current and future generations in creating a better Queensland

Human Rights

We are committed to respecting, protecting and promoting human rights in all that we do and the decisions we make

OUR STRATEGIC RISKS AND HOW WE MANAGE THEM

- **Insufficient engagement** – ensure we build strong, collaborative stakeholder relationships to enable us to drive a high standard of professionalism in engineering; adapt to emerging innovations and challenges; and keep pace with change
- **Lack of capability, capacity and culture** – invest in our staff and organisational capability and maintain government accountability through strong corporate governance to deliver effective outcomes for the public and our registrants
- **Failure to consider safety and wellbeing** – provide a healthy and safe work environment that considers all aspects of wellbeing of our people
- **Ineffective business practices, systems and cyber security** – adopt fit for purpose policies, processes and procedures and build capability to ensure secure and effective business practices and systems

OUR STRATEGIC OPPORTUNITIES AND HOW WE EMBRACE THEM

- **Strategic engagement** – build strategic relationships that drive a high standard of engineering in Queensland and throughout Australia
- **Organisational resilience** – implement policies and procedures that develop organisational resilience and position the Board to effectively respond to emerging issues
- **Queensland's growing economy** – lead effective communications and engagement that increase the number of RPEQs as Queensland's economy grows
- **Analytics and insights** – utilise digital solutions to improve our systems and deliver more responsive and effective services to our stakeholders and registrants

The Board's objectives are in line with the Government's objectives for the community

Supporting jobs Keeping Queenslanders safe Building Queensland Growing our region
